

Post President's Corner

Greetings to the SAME Hampton Roads Post!

My name is CAPT Pat Rios, CEC, USN and I was recently elected as your Post President. I feel truly honored to have this position and I look forward to working with the Post's new Board of Directors to further SAME's mission: "To provide education and support to the engineering components of the military and uniformed services and other federal, state and local government agencies responsible for the nation's infrastructure, and to advance the partnership between government and the architecture, engineering and construction industry in the interest of national security." As we move into next year, this mission will guide our actions...based on the strength and maturity of this Post, it should be a great year!

I'd like to start off thanking my predecessor, Mike Darrow, for his leadership as Post President last year. He did an absolutely superb job. Equally impressive is our Board of Directors, many of whom have agreed to stay on and serve another year. Their spirit of service and commitment to SAME and the Hampton Roads engineering community is a source of strength for our organization. What they accomplished over the past year is commendable and I look forward to working with them to expand the programs we currently have in place, enhancing our presence in the local engineering community, and growing our public sector membership.

At our June meeting our Post awarded \$24,000 in scholarships to 12 outstanding College and High School students. I was truly impressed with the caliber of the selectees and enjoyed interacting with them and their families. To echo the comments of Efram Fuller, our Scholarship Committee Chairperson, the competition for these was very tight with a large number of extremely impressive candidates. Our awardees are truly the best youth our local community has to offer and they have all signed up to the challenge of pursuing a STEM education and career. Their future is bright, but more importantly, so is the future of our profession! I'd like to express my personal thanks to the Scholarship Committee for their hard work.

In closing, I'd like to one again thank our Past President and Board of Directors for their leadership. I'd also like to thank you, our members, for supporting our efforts to execute SAME's mission and vision in Hampton Roads.

Regards,

J. Pat Rios, PE, CEM
CAPT, CEC, USN
Commanding Officer, NAVFAC Mid-Atlantic
Director, Facilities & Environmental (N4)

UPCOMING POST EVENTS...

15 July, 2015 – Monthly Program ([REGISTER HERE](#))

24 July, 2015 – Happy Hour Networking Event ([RSVP Now](#))

ITEMS OF NOTE...

July-August 2015 – Monarch Youth Education Summer Camps – Engineers Rule!

1 October 2015 – Inaugural Seabee Purple Heart Golf Classic, Virginia Beach, VA

9 October 2015 – Applications Due, SAME Credentialing Achievement Awards Program (CAAP)

Monthly Program

Date: July 15, 2015

Time: 11:15 Registration/Networking
11:45-1:00 Program

Location: The Westin Virginia Beach Town Center (4535 Commerce Street, Virginia Beach, VA 23462)

Title: How to Think About the Next 5-10 Years of the Federal Presence in Hampton Roads

Presenter: Rear Admiral (Ret.) Craig Quigley, Executive Director, Hampton Roads Military and Federal Facilities Alliance

SCOPE: The presentation will provide an overview of impact of Federal budget reductions, sequestration and efforts to diversify.

Learning Objectives:

1. Describe the economic impact of the Federal sector on our regional economy.
2. Understand the scope of the Federal presence here and what the future holds.
3. Describe efforts underway to diversify and grow the regional economy, based on the Federal presence already here.

CE/PDH: The 50-minute technical presentation will provide one CEU/PDH credit

Click [here](#) to see if registration is open. **The cutoff for registration is Monday, 7/13/15 @ noon.**

Sustaining Member of the Month

MBP is a multi-disciplined construction consulting firm experienced in assisting clients in managing the construction process from initial budget, through design and construction, to successful project closeout. Established in 1989, MBP is recognized by Engineering News-Record as a national Top 100 construction management firm and Top 50 program management firm.

Based on the in-depth experience of the firm's professionals, in both the engineering and the performance aspects of construction, MBP provides cost-effective services in both construction management and the resolution of disputes. Construction management includes services such as cost estimating, value engineering, constructibility review, critical path method (CPM) scheduling, and inspection.

Dispute resolution services include claims consulting, delay, impact and damages analysis, expert testimony, and litigation support. The firm is also active in many forms of Alternative Dispute Resolution (ADR).

We serve private and governmental owners, designers - architects/engineers (A/Es), contractors, developers, and attorneys on a wide range of transportation, building, plant, environmental, and utilities projects. The firm regularly exceeds client expectations and is dedicated to providing the highest quality of service, innovative solutions, and the corporate depth and diversity to fully respond to the construction needs of an expanding client base.

Please visit <http://www.mbpce.com/> for more information.

Member News

Amar Nayegandhi accepted the LCDR Peter Johnson Best Practices Award from Jennifer Wozencraft, Director of the JALBTCX Program.

The NOAA Supplemental Sandy Topobathymetric Lidar and Imagery project received the LCDR Peter Johnson Best Practices Award at the Joint Airborne Lidar Bathymetry Technical Center of Expertise (JALBTCX) Annual Airborne Coastal Mapping and Charting Workshop in Corvallis, Oregon.

Dewberry accepted the LCDR Peter Johnson Best Practices Award for the collection and processing of the data as the primary contractor for the project, which was designed to enable accurate and consistent

measurement of the national shoreline following Hurricane Sandy. This award recognizes the Dewberry team's accomplishment of completing a demanding airborne lidar survey with a clearly defined challenge that was achieved with notable success within the past two years.

The data collected provides seamless topobathymetric data for various applications within the entire coastal community, as well as supporting mapping, charting, geodesy services, marine debris surveys, and coastal shoreline modeling for the coastal states affected by Hurricane Sandy.

The Dewberry team acquired and produced lidar products for the entire project area, 1,200 linear coastal miles from Myrtle Beach, South Carolina, to Long Island, New York. The Dewberry team also acquired and produced high-resolution orthoimagery. The seamless topobathy lidar and imagery products are being used to create the updated national shoreline along the Eastern Atlantic Seaboard. The Dewberry team included Quantum Spatial, Richard Crouse & Associates, Woolpert, The Atlantic Group, and Tuck Mapping Solutions.

Dewberry is a leading, market-facing firm with a proven history of providing professional services to a wide variety of public- and private-sector clients. Recognized for combining unsurpassed commitment to client service with deep subject matter expertise, Dewberry is dedicated to solving clients' most complex challenges and transforming their communities. Established in 1956, Dewberry is headquartered in Fairfax, Virginia, with more than 40 locations and 2,000+ professionals nationwide. To learn more, visit www.dewberry.com.

Member Benefits

Employment Opportunities

As a service to our members, the Hampton Roads SAME Post website includes job positions or internships available at local firms and also allow for students or individual members who are looking for employment to list qualifications potential employers can view. Anyone wishing to place job positions should contact [Randy Swartz](#).

Sustaining Member News

The Hampton Roads SAME Post has been willing to publish articles submitted by Sustaining Member Firms and Individual Members that are deemed to be in the interest of SAME and the Hampton Roads Post. Typical Articles may include contract awards from our member agencies (i.e. USCG, LANTDIV and Army Corps of Engineers) and key company hires or employee moves. Please send your good news to [Tabitha Abnet](#) by the last Friday of each month.

Sustaining Member of the Month

One of our Sustaining Member firms is spotlighted each month, given the opportunity to set up a tabletop booth at the monthly meeting, and be recognized by the President at the start of each meeting. A representative of the firm is also invited to give a short overview of the firm at the luncheon.

The designated Sustaining Member of the Month also provides a summary of their firm's expertise and services for the military engineering community to be printed in the newsletter. We ask that the Sustaining Member of the Month bring a raffle prize valued at approximately \$50 to the luncheon for our scholarship raffle drawing. If you are interested in participating, please contact [Ms. Cindy Nash](#).

Please note that with your firm's Sustaining Membership, **SIX (6)** of your employees can be designated as sustaining members (includes two Young Members). Please go to the [National SAME](#) web site and review your company status under Membership.

SAME Hampton Roads Post Young Members Committee invites all members and non-member guests to attend this month's Happy Hour Networking event!

Please RSVP to Melissa Waefler and Sarah Kinna by July 22, 2015 at Melissa.Waefler@rsandh.com and Sarah.Kinna@tetrattech.com

Items of Note

MONARCH YOUTH EDUCATION SUMMER CAMPS

Engineers Rule!

11-13 year old "future engineers" will have a blast learning what engineering is all about. This exciting, week-long experience will build teamwork skills and electrify interest in engineering as a possible career. Hands-on activities engage students in mechanical, electrical, marine and civil engineering concepts, experiments and demonstrations.

Two weeks to choose from:

Monday-Friday: July 13-17

Monday-Friday: August 10-14

Time: 9 a.m.-4 p.m.*

*(Please note that there is no before or after camp care available.)

Location-Engineering and Computational Sciences Building

Cost- \$350 per child

Updated Schedule and Registration is available online at odu.edu/cepd or email pball@odu.edu or call 757-453-6880

We Build, We Fight!

Living up to their motto – “We Build, We Fight,” the U.S. Navy Seabees have served our nation proudly for 73 years and have an unsurpassed reputation for getting the job done. More than a decade of military operations in Iraq and Afghanistan have taken a toll on members of this elite team. In addition to the 18 Seabees killed in action, nearly 100 have been wounded in action. While some were able to bind their wounds and return to full duty, others with more severe injuries had their lives changed forever.

It is for this reason that the Seabee Purple Heart Scholarship Golf Classic is establishing a scholarship fund to help support those wounded Seabees by removing the burden of their children’s education from their shoulders.

Register online at www.seabeepurpleheartgolf.org

Hole Sponsorship- \$1500. Includes hole sponsorship and 1 foursome

Individual Golfers \$100

Full sponsorship opportunities on reverse side

SAME Credentialing Achievement Awards Program (CAAP)

The SAME Young Member Council is continuing the Credentialing Achievement Awards Program (CAAP) to promote the professional development of SAME Young Members and NCO Members in support of the SAME Strategic Plan. The CAAP serves to fulfill an objective which is to provide financial support for professional development, education, and mentoring initiatives to benefit our SAME members.

SAME will support the cost by reimbursing Young and NCO Members for exam sitting or registration fees. The full program details and application are located on [here](#). 2015 Applications are due October 9.

For questions regarding the program, please visit the [SAME HQ Website](#) or contact Hector M. Hernandez at 850-396-4934 or Hector.Hernandez@ch2m.com.

SAME Hampton Roads Presents Wounded Wear with \$1,000

SAME Hampton Roads Post presented a \$1,000 check to Jay Redman and the Wounded Wear staff for his participation as a speaker at the Small Business Conference. From left to right: Danita Jacobs, Office Manager; Jason Redman, Founder and Executive Director; Cindy Nash, SAME Small Business Conference Chair; Kenny Miller, COO; Christy Cooley, Media Designer; Brooke Juhas, Sales Manager. Wounded Wear's mission is to help warriors rediscover the hero within through pride, power, purpose, and peace. For more information on Wounded Wear, visit woundedwear.org.
